16th December 2021

Dear Parents/Carers,

Year 11 end of Term Update

As the Autumn Term draws to a close, we want to thank you for your ongoing support of Stockland Green School. We continue our commitment to ensuring students in Year 11 are equipped for the 2022 Summer Exams. As part of this preparation, we will be running a Trial Exam series from the end of January with a full timetable sent home in the New Year. In addition to the Trial Exams, a reminder that students who study PE have their external qualification examination on 10th January and in Technology, students will be working to coursework deadlines for January also.

There is limited time to revise in lessons, so it is vital that students are utilising the opportunity at home to ready themselves for these papers. Staff have shared revision material via Microsoft Teams and on the School Website to further support students. Please direct them to access these resources.

The Trial Examinations provide students with an opportunity to improve on their exam skills, and to practice the reality of examinations in a formal setting. We know that students' learning has been disrupted in the past two years, but these formal examinations will give a measure of their knowledge and understanding at this point, and most importantly will support students to prepare for next summer's examinations. The exams will be conducted according to the JCQ regulations, the Joint Council for Qualifications who coordinate the exam boards. This ensures that students are familiar with the correct procedures for their GCSEs next summer. A copy of the JCQ regulations and exam posters can be found on the school website under the Information tab by selecting Exams and scrolling down to the JCQ Documentation. These posters and regulations will be displayed on the exam boards and in every exam room.

We have devised an intervention programme which will support and build students up to these examinations which we will be sharing with you in the New Year. I will also be writing to you about how Stockland Green School will be using School Led Tutoring to continue to support students affected by the pandemic.

We hope that the Christmas break brings an opportunity for peace and relaxation for all families,

Yours sincerely,

Mrs Cardwell
